### **How do I get started?**

If you have a tablet or smartphone with these...

- barcode scanner app
- e-reader app

Scan one of the barcodes.

- If you use a Kindle e-reader app, scan the “Kindle” code
- If you use a different e-reader app, first try the “Other E-readers” format

### **What if I can't scan the code, or I don't have a tablet or smartphone?**

Visit: <http://www.cancer.gov/ebooks/>  
and follow the instructions to download eBooks on your computer or eBook reader device.
